

# Lunch Changes

In response to your feedback, we wanted to provide you with some additional information regarding our recent state and federally mandated lunch changes.

## FRUIT

To best assist with the ease of consumption, we will provide easier options like precut fruit cups and sliced whole fruits.

## FISH

Fish has now been added back into the menu rotation.

## WASTE

We are working with a pig farmer who will benefit from additional food waste.

## SECONDS

Seconds will continue to be offered to everyone. If you have seconds, please let a volunteer or staff member know that this is your second trip through the buffet line. For sanitation reasons, please remember to use a fresh plate for each trip through the line.

## PRIVATE PAY

Moving forward we will be offering a private pay To-Go option for all dinners. Should you be interested in a To-Go meal, you will be able to pay \$7.50 at the front desk and let the receptionist know you would like to have a take out box. They will provide you with a ticket that you will bring to the volunteers at the service line, and they will fill your takeout box with the options you would like.
